Emergency First Aid at Work (EFAW) Course

Course Overview

This 1-day course is designed for individuals who may act in support of the designated first responders within the workplace. The course focuses on the provision of effective trauma management, re-focusing on the systematic <c>ABCDE approach to the management of trauma.

Aim

The Emergency First Aid at Work course aims to equip students with the essential skills, so they can deliver lifesaving immediate medical care to themselves or others.

Entry Criteria

No prior medical qualifications are required to partake in the course

Course Content

- Roles and Responsibilities
- Assessing an incident
- Managing an unresponsive casualty
- Adult Basic Life Support & AED
- Recovery position
- Choking
- Seizures
- Shock
- Wounds and bleeding
- Minor injuries

On-site accommodation is available on a limited, first come – first served basis (B&B basis, ensuite, single rooms) for courses delivered at the Hope-under-Dinmore training venue. Please phone the office on +44(0) 1568 613942 if you would like to book accommodation.
