

PHTLS

Pre-Hospital Trauma Life Support

NAEMT Registered Provider

Duration: 2 Days

Group bookings available

What is PHTLS?

PHTLS courses improve the quality of trauma care and decrease mortality. The program is based on a philosophy stressing the treatment of the multi-system trauma patient as a unique entity with specific needs.

NAEMT's PHTLS is recognized around the world as the leading continuing education program for emergency trauma care. The mission of PHTLS is to promote excellence in trauma patient management by all providers involved in the delivery of prehospital care. PHTLS is developed by NAEMT in cooperation with the American College of Surgeons' Committee on Trauma. The Committee provides the medical direction and content oversight for the PHTLS program.

Please use the contact form on the web page for group booking enquiries.

What does PHTLS cover?

PHTLS promotes critical thinking as the foundation for providing quality care. It is based on the belief that, given a good fund of knowledge and key principles, EMS practitioners are capable of making reasoned decisions regarding patient care. The course utilises the internationally recognized PHTLS textbook.

Immersive

We put great emphasis on the "hands-on" aspects of course creating true-to-life medical simulations

Expert

All our instructors are practising medics with the most up-to-date medical knowledge

Award-Winning

Train with award-winning medical equipment, as used by Ambulance Services and Armed Forces globally

Life-like

Experience as close to genuine patient trauma care as possible with SIMBODIES™, our ultra-realistic manikins

Testimonial

"Excellent interactive course using professional equipment. I really enjoyed the various scenarios as life-like dummies make the scenarios realistic."
