Team-8™ Stretcher

Lightweight, compact and rapidly deployable, the Team-8™ Stretcher is designed specifically to rescue casualties from a hazardous environment.

Constructed of lightweight but highly durable polyethylene, the Team-8™ is one of the most man-portable yet effective stretchers of its kind. Designed to be used in hazardous environments, the Team-8™ is in widespread operational use in military and law enforcement operations domestically and overseas.

Key features:

- Rapidly deployable from carry bag
- Casualty can be quickly and easily secured using the colour-coded webbing straps with quick-release buckles
- Capability to be used as either a lift or a drag stretcher

Specification:

- Size folded: 56cm x 16cm
- Size unfolded: 210cm x 46.5cm x 0.1cm
- Weight: 2.4kg

Product Code: PR0188

NSN: 6530-99-359-4978

T3™ Lightweight Assault Litter

T3™ Lightweight Assault Litter is designed to support Special Operations Forces, where every kilo matters. State of the art materials and technologies have enabled a reduction in weight without compromising the overall strength and performance of the evacuation platform.

Key features:

- Ergonomically designed handles
- 4 IV attachment points
- 2 patient securing straps

Specification:

- Dimensions folded:
205.74cm x 57.15cm x 15.24cm
- Dimensions extended:
52.07cm x 15.24cm x 17.78cm
- Weight: 5.34kg

Product Code: NA60-0022

Talon® II 90C - Collapsible Handle Litter

When the US Army envisioned an improved litter, North American Rescue built it. Talon® II 90C, the most compact & versatile stretcher on the market, allows casualty transport in restricted compartments. By extending the ergonomically designed handles, the Talon® II 90C becomes a standard NATO-compatible evacuation platform.

Key features:

- Certified Safe-to-Fly by US Army Rotary Wing
- Retractable, ergonomically designed handles
- Automatic locking hinges
- Slip-resistant, chemical-resistant ripstop fabric tested & approved by Federal & private laboratories using live warfare agents
- 6 IV-attachment points
- 2 patient-securing straps

Specification:

- Folded with handles collapsed: 51.25cm x 21.25cm x 23.75cm
- Open with handles collapsed: 195cm x 56.25cm x 15cm
- Open with handles extended: 225cm x 56.25cm x 15cm
- Weight: 7.4kg
- Payload: 544.3kg
- Ground clearance: 3.75cm

Product Code: NA60-0002

NSN: 6530-01-504-9051
